The Honorable Mayor and Members of the Town Council
Town of Atlantic Beach
Atlantic Beach, North Carolina

The Comprehensive Annual Financial Report (CAFR) for the Town of Atlantic Beach, North Carolina, for the fiscal year ended June 30, 2012, is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures within this report rests with the management of the **Town of Atlantic Beach**. The financial statements and supplemental schedules contained herein have been audited by the independent certified public accounting firm of **Thompson, Price, Scott, Adams & Co., P.A.** and their unqualified opinion is included in the financial section of the Comprehensive Annual Financial Report.

The Town of Atlantic Beach provides a full range of services to its citizens. The General Fund services include police, fire, emergency management, planning, code enforcement, construction and maintenance of the streets and various other services associated with the administration of the Town. The Enterprise Fund services include water administration and distribution. As a result, there are no exclusions described herein and all the Town's operations are included within this report.

As demonstrated by the statements and schedules included in the financial section of the report, the Town continues to meet its responsibility for sound financial management.

Immediately following the Independent Auditor's report is Management's Discussion and Analysis (MD&A), which provides a narrative overview of the Town's financial performance for fiscal year ended June 30, 2012. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

Profile of the Town of Atlantic Beach

The Town of Atlantic Beach was incorporated on March 17, 1937. The Town of Atlantic Beach currently has a population of 1,506 and encompasses 2.3 square miles. Atlantic Beach is located on a barrier island in Carteret County on the eastern end of Bogue Banks. The Atlantic Ocean is to the south while the Bogue Sound lies to the north of the island. Atlantic Beach prides itself on being a seasonal residential resort community. Atlantic Beach is a thriving coastal community that is a major tourist destination along the coast of North Carolina. The Town of Atlantic Beach has a strong commitment to preserving its environment and protecting the ocean dunes and maritime forest. The Town's developmental priorities and goals of environmental and resource protection clearly states its strong desire to encourage and promote tourism.

The Town of Atlantic Beach operates under the Council-Manager form of Government. The structure of Council-Manager is similar to that of any large business. The registered voters of the Town elect the Town Council, and the Council then chooses a full-time, non-partisan Manager whose duties compare to those of a business corporation General Manager. The Town Council is comprised of the Mayor and five Council Members.

The Town Council adopts an annual budget, town ordinances, and resolutions. The Town Council is also responsible for determining the Town policies and the level of service in which the Town will provide to the residents. As part of the budget process the Town Council determines the Town's tax rate. The Town Council approves all agreements and contracts. The Town Council appoints citizens to various Boards and Committees and represents the Town as an overall leadership entity. The Town provides the following services to its citizens: law enforcement, emergency management, planning and inspection, fire and EMT, sanitation, street maintenance, and water. These daily operation functions are supported by an administrative staff, which provides financing, tax billing, collections, purchasing, risk management, data processing and personnel.

In order for these departments to be funded the Town adopts an annual budget which is required by North Carolina General Statutes. Annual appropriated budgets are adopted for the general and enterprise funds. All annual appropriations lapse at the fiscal year end. All budgets are prepared using the modified accrual basis of accounting. The Town is organized into the following departments and associated department objectives:

Administrative Services – The departmental objectives are to continue developing the Town's governmental organization to enhance the accomplishment of community objectives, to safeguard the financial capability of the organization, and to implement high quality financial standards and procedures. Additional objectives are to achieve a stable and strong financial position by accurately estimating, prudently allocating, and managing financial resources.

Police – The department objective is to continue providing public safety coverage, outstanding public relations, community involvement, and proper response time as the Town grows and develops. The department's staff has demonstrated a continual improvement in response time and has enhanced public safety.

Fire – The department objective is to continue to maintain the Town's fire department as a professional responding department through proper training requirements, certifications, and the retention of quality professionals. Each shift is now composed of three paramedics and one licensed EMT. The fire department maintains an ISO rating of four (4) for homeowners insurance.

Public Services – The department objective is to continue to implement short and long range programs and improvements along with the continued development of capital improvement programs to insure adequate response and performance relative to growth. Additional objectives are to continue developing programs for timely replacement of the water distribution system along with considering and addressing available options for reasonable future sources of water supply.

Planning – The department objective is to continue the review and development of processes and regulations that improve the quality of life for the people living and working within the planning area. This will be accomplished through the identification of solutions; the formulation of community goals, objectives, policies, and projects; to the end that common vision is achieved through an open civic process.

Inspections – The department objective is to enforce the Town's development ordinances and the North Carolina Building Code for the Town of Atlantic Beach and jurisdictional areas.

Internal Controls. The management of the Town is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Town are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the separation of financial statements in

conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that the objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Internal control evaluations occur within the above framework, and we believe the Town's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions for a town of this size. Due to the limitation of personnel, the Town will distribute duties as needed with each additional new hire.

Budget Controls. In accordance with the state law, the Town's budget is prepared on the modified accrual basis, and its accounting records are also maintained on that basis. Under modified accrual accounting, revenues are recorded when they are both measurable and available. Expenditures are recorded when a liability is incurred, except for interest on long-term debt and accrued vacation benefits. The proprietary funds are represented in the financial statements on the accrual basis, revenues are recognized in the accounting period when earned and expenses are recognized in the period that they are incurred, as permitted by generally accepted accounting principles.

Independent Audit. The General Statutes of North Carolina require an annual independent financial audit of all local government units in the state. Thompson, Price, Scott, Adams & Co., P.A., a firm of independent certified public accountants, has audited the financial statements of the Town of Atlantic Beach. The auditor's report on the financial reports is included in the financial section of this report.

Town of Atlantic Beach Economic Condition

Atlantic Beach's economy is driven by the seasonal tourist industry. Atlantic Beach is primarily a residential community with commerce related primarily to tourism and construction. The primary source of revenue is the ad valorem tax. The industry generates strong retail, construction, and real estate employment. The Town is also located near the historical tourist site of the Fort Macon State Park. The Town is in close proximity of the Cherry Point Marine Corps Air Station, which is a major employer of Carteret County. A large marine science community is a surrounding neighbor of the Town of Atlantic Beach. This includes the C-MAST, NOAA, NC State Fisheries, UNC Institute of Marine Sciences and Duke University Marine Laboratory. The State Port of Morehead City is in close proximity of the Town. The Town is bordered by water on two sides by Bogue Sound and the Atlantic Ocean. The Town of Pine Knoll Shores is its neighbor to the west and the Fort Macon State Park is its neighbor to the east.

The Town continues to work with property developer, FMB Inc. on the redevelopment of the "Circle" area in downtown Atlantic Beach. This project promises to significantly enhance the business, residential and entertainment infrastructure at the core of the Town. This area has great historical significance to the Town and has served as the focal point for Town activities since its founding in 1937. The Town Council has considered many alternatives over the years and now believes this public-private partnership will bring the Town the right solution for both year-round residents and seasonal tourists.

The Town has completed the planning phase of the stormwater and wastewater management project. Connected to this project and in anticipation of the need for significant land acreage to support the stormwater and wastewater infrastructure, the Town acquired a large parcel of land within the Town limits in fiscal year 2006-07. Said property is also being evaluated as a prime location for Town facilities and a recreational center.

The Town also provided assistance with numerous community projects, including the Atlantic Beach King Mackerel Tournament and National Night Out.

Awards and Acknowledgements

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Atlantic Beach for its comprehensive annual financial report for the fiscal year ended June 30, 2011. This was the twelfth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements. The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated services and cooperation of Thompson, Price, Scott, Adams & Co., P.A., Williams · Scarborough · Smith · Gray, LLP and the Town of Atlantic Beach staff. As the Finance Officer responsible for the completion and submission of this report, it would not have been possible without the combined efforts of everyone involved.

Respectfully submitted,

David R. Walker

Independent Auditor's Report

To the Honorable Mayor and
Members of the Town Council
Atlantic Beach, North Carolina

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregated remaining fund information of the Town of Atlantic Beach as of and for the year ended June 30, 2012, which collectively comprises the Town's basic financial statements listed in the table of contents. These financial statements are the responsibility of the Town of Atlantic Beach's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provide a reasonable basis for our opinions.

In our opinion, based on our audit, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, each major fund, and the aggregated remaining fund information of the Town of Atlantic Beach as of June 30, 2012 and the respective changes in financial position and cash flows, where appropriate, thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2012 on our consideration of the Town of Atlantic Beach's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. The purpose of the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Town of Atlantic Beach's basic financial statements. The combining and individual fund statements, budgetary schedules and other schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The combining and individual fund statements, budgetary schedules and other schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, budgetary schedules, and other schedules are stated in all material respects in relation to the basic financial statements as a whole.

Thompson, Price, Scott, Adams & Co., P.A.

TOWN OF ATLANTIC BEACH

Management's Discussion and Analysis

As management of the Town of Atlantic Beach (Town), we offer readers of the Town financial statements this narrative overview and analysis of the financial activities of the Town of Atlantic Beach for the fiscal year ended June 30, 2012. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

Financial Highlights

- The assets of the Town of Atlantic Beach exceeded its liabilities at the close of the fiscal year by \$14,252,829 (net assets).
- The government's total net assets increased by \$198,904 due to an increase in the governmental activities net assets.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$5,873,007. Approximately 85.6% percent of this total amount or \$5,024,380 is available for spending at the government's discretion (unassigned fund balance) in the general fund. Assigned fund balance in the special revenue fund totals \$338,035.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$5,024,380, or 85 percent of total general fund expenditures for the fiscal year.
- The government's total debt decreased by \$386,063 during the current fiscal year.
- The Town of Atlantic Beach has received the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting each consecutive year beginning with the June 30, 2000 annual report.

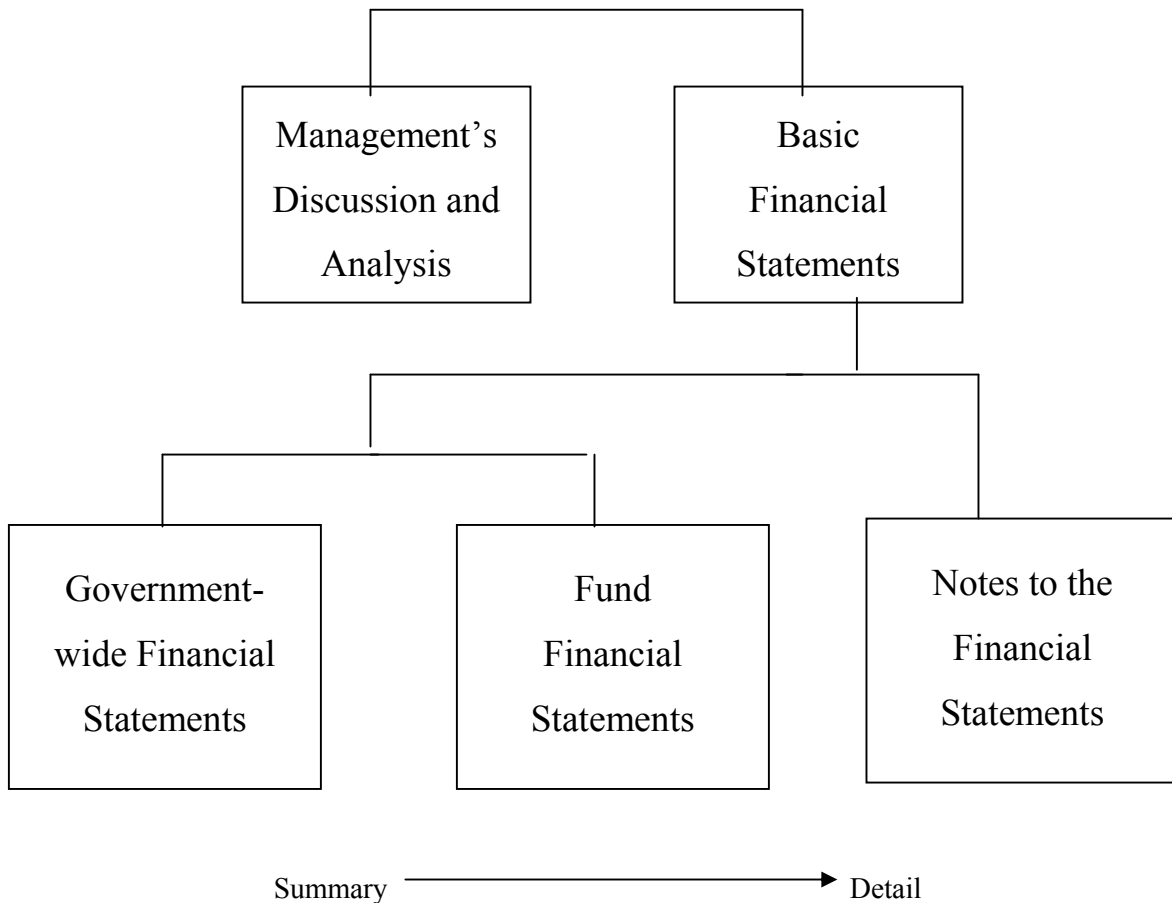

Overview of the Financial Statements

This discussion and analysis section is intended to serve as an introduction to Town of Atlantic Beach basic financial statements. The Town's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Town of Atlantic Beach.

TOWN OF ATLANTIC BEACH
Management's Discussion and Analysis

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Town's financial status.

The next statements (Exhibits 3 through 8) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; and 3) the proprietary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the Town's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

TOWN OF ATLANTIC BEACH

Management's Discussion and Analysis

Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net assets and how they have changed. Net assets are the difference between the Town's total assets and total liabilities. Measuring net assets is one way to gauge the Town's financial condition.

The government-wide statements are divided into two categories: 1) governmental activities and 2) business-type activities. The governmental activities include most of the Town's basic services such as public safety, streets, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the Town charges customers to provide. These include the water services offered by the Town of Atlantic Beach.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements (see Figure 1) provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Atlantic Beach, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. All of the funds of Town of Atlantic Beach can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds - Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called modified accrual accounting which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there more or less financial resources available to finance the Town's programs. The relationship between activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The Town of Atlantic Beach adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document.

TOWN OF ATLANTIC BEACH

Management's Discussion and Analysis

The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds - Town of Atlantic Beach has one kind of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Town of Atlantic Beach uses enterprise funds to account for its water activity. These funds are the same as those functions shown in the business-type activities in the Statement of Net Assets and the Statement of Activities.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 31 of this report.

Other Information In addition to the basic financial statements and accompanying notes, this report includes certain other required schedules concerning the Town of Atlantic Beach. The other schedules can be found beginning on page 53 of this report.

Government-Wide Financial Analysis

Town of Atlantic Beach - Net Assets

	Governmental		Business Type			
	Activities		Activities		Total	
	2012	2011	2012	2011	2012	2011
Current and other assets	6,106,558	6,034,298	2,311,361	2,413,605	8,417,919	8,447,903
Capital assets	6,181,218	6,268,930	3,037,055	3,060,385	9,218,273	9,329,315
Total assets	12,287,776	12,303,228	5,348,416	5,473,990	17,636,192	17,777,218
Current liabilities	555,635	581,618	76,497	61,587	632,132	643,205
Long-term liabilities	2,731,855	3,062,539	19,376	17,549	2,751,231	3,080,088
Total liabilities	3,287,490	3,644,157	95,873	79,136	3,383,363	3,723,293
Net assets:						
Invested in capital assets, net of related debt	3,556,987	3,197,982	3,037,055	3,060,385	6,594,042	6,258,367
Restricted - Streets - Powell Bill	156,533	167,736	-	-	156,533	167,736
Restricted - Stabilization by State Statute	354,059	391,994	-	-	354,059	391,994
Unrestricted	4,932,707	4,901,359	2,215,488	2,334,469	7,148,195	7,235,828
Total net assets	9,000,286	8,659,071	5,252,543	5,394,854	14,252,829	14,053,925

As noted earlier, net assets may serve over time as one useful indicator of a government's financial condition. The assets of the Town of Atlantic Beach exceeded liabilities by \$14,252,829 as of June 30, 2012. The Town's net assets increased by \$198,904 for the fiscal year ended June 30, 2012. The Town's investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items makes up a large portion of the net assets of \$6,594,042. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Atlantic Beach investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. A minor portion of the Town's net assets, \$510,592 represents resources that are subject to external

TOWN OF ATLANTIC BEACH
Management's Discussion and Analysis

restrictions on how they may be used. The remaining balance of \$7,148,195 is unrestricted.

Several particular aspects of the Town's financial operations influenced the total unrestricted governmental net assets, notably, the continued diligence in the collection of property taxes by accomplishing a tax collection percentage of 99.10%.

TOWN OF ATLANTIC BEACH

Management's Discussion and Analysis

Governmental activities. Governmental activities increased the Town's net assets by \$341,215, thereby accounting for 171.55% of the total growth in the net assets of the Town of Atlantic Beach, as the net assets in the business-type activities decreased. This increase in the Town's net assets can be attributed to several factors. While State-shared revenues of utilities franchise tax and cable vision franchise tax were lower than anticipated, this was offset with higher than expected Local option sales tax revenues, the Town's strong tax collection rate of 99.10% of stable tax values, and the foresight to acknowledge and plan for the continued economic downturn by freezing spending, salaries, and capital purchases except where necessary.

Business-type activities. Business-type activities decreased the Town of Atlantic Beach net assets by \$142,311. Water base usage fees and stormwater fees remained the same to avoid increases during a pressed economic environment. Following Hurricane Irene last summer, the Town's largest major hotel closed due to damages. While still paying for the minimum monthly bill, the Town lost revenue due to the lack of water usage which consistently generated revenue above the minimum bills. Unanticipated costs to repair the aging water system, testing for Well #2 replacement, and the purchase of three replacement generators resulted in a decrease in net assets.

Financial Analysis of the Town's Funds

As noted earlier, the Town of Atlantic Beach uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Town of Atlantic Beach governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town's financing requirements. Specifically, unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the Town of Atlantic Beach. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$5,024,380 while total fund balance reached \$5,534,972. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures, which were \$5,925,523. Unassigned fund balance represents 85 percent of total General Fund expenditures, while total fund balance represents 93.4 percent of that same amount.

At June 30, 2012, the governmental funds of Town of Atlantic Beach reported a combined fund balance of \$5,873,007, an increase of \$14,871 from last year. Total fund balance for all governmental funds represents 99.1 percent of total Governmental Funds expenditures. Higher than anticipated revenues, strict oversight of personnel, operating and capital expenditures, in addition to implementing several large paving, sidewalk, and drainage projects using restricted Powell Bill funds, netted the \$14,871 increase.

General Fund Budgetary Highlights: During the fiscal year, the Town revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain

TOWN OF ATLANTIC BEACH

Management's Discussion and Analysis

services.

The final amended budget and actual amounts varied, largely due to the downward economic trends. The Town budgeted conservatively for State-collected revenues and building permits / impact fees based on trends in building construction and real estate development projects. While the State-wide and local economic trends have continued on a declining scale, the Town of Atlantic Beach collected less of these revenues than expected. The most significant favorable variances were in some elements of other unrestricted intergovernmental taxes, and sales/services due to revenues generated from souvenirs sold to memorialize the Town's 75th Anniversary. Total revenue realized was approximately \$78,000 more than the final budget amount. Expenditures were tightly controlled, and the Town was able to comply with its budgetary requirements in all categories. The favorable variances were the result of expenditure reductions in operations and capital outlay to the extent possible, while still providing for the replacement of four Police Department vehicles, one Police Department club car for beach patrol, 2 replacement beach wheelchairs to allow easier beach access for those with disabilities, additional play structures for the Town Park, various paving and stormwater drainage projects, and events to celebrate the Town's 75th Anniversary with multiple programs stretching throughout the summer including a commemorative Board meeting at the same place and time of the first Board meeting 75 years ago, fireworks and amusement rides during Memorial Weekend, and weekly outdoor movies "by the Sea". Total expenditures were approximately \$265,000 less than budgeted. The Town netted \$13,738 in additional revenues over expenditures.

Proprietary Funds. The Town of Atlantic Beach's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net assets of the Utility Fund at the end of the fiscal year amounted to \$2,215,488. The total change in net assets for the Utility Fund was a decrease of \$142,311. While equipment and infrastructure capital improvement needs have been postponed in an attempt to keep the rates as low as possible, several capital projects were completed at a cost of nearly \$280,000. Some of these projects were purchasing several hundred Iperl meters as the beginning stage of implementing the AMR meter reading system, replacing three generators, testing for replacement of Well #2, the replacement of pickup truck, and several repairs to equipment in the water plant.

Capital Asset and Debt Administration

Capital Assets. The Town of Atlantic Beach investment in capital assets for its governmental and business-type activities as of June 30, 2012, totals \$9,218,273 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, and vehicles. For the year ending June 30, 2012, most major capital outlay purchases were delayed due to economic uncertainty. Major purchases in the General Fund were four replacement Police Department vehicles, one replacement Police Department club car for beach patrol, and additional play structures for the Town Park. Major purchases in the Utility Fund were the three replacement generators and replacement pickup truck.

Additional information on the Town's capital assets can be found in note III.A.4 of the Basic Financial Statements.

Long-term Debt. As of June 30, 2012, the Town of Atlantic Beach had total debt outstanding of \$2,624,231. The entire amount of the Town's debt represents installment purchases for government activities, as we currently have no debt backed by the full faith and credit of the Town (bonded), or Utility (revenue bonds).

Town of Atlantic Beach' Outstanding Debt
General Obligation and Revenue Bonds
Figure 5

	Governmental Activities		Business Type Activities		Total	
	2012	2011	2012	2011	2012	2011
General obligation bonds	0	0	0	0	0	0
Total	0	0	0	0	0	0

The Town of Atlantic Beach total debt decreased by \$386,063 during the current fiscal year.

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for Town of Atlantic Beach is \$129,228,334.

Additional information regarding the Town of Atlantic Beach's long-term debt can be found in note III.B.6 beginning on page 48 of this report.

TOWN OF ATLANTIC BEACH

Management's Discussion and Analysis

Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the growth and prosperity of the Town.

- Low unemployment. The Town of Atlantic Beach is too small to be statistically categorized in unemployment figures. However, as of June, Carteret County as a whole has an unemployment rate of 8.4%, which is below the State average of 9.9% and slightly above the national average of 8.2%.
- The Town of Atlantic Beach is a resort community and does not have a significant manufacturing or industrial base. However, new small business development has been consistent.

Budget Highlights for the Fiscal Year Ending June 30, 2013

The Town of Atlantic Beach budget for the Fiscal Year Ending June 30, 2013 totals \$6,978,635 for all funds managed by the Town. As required by North Carolina General Statutes, the budget is balanced by a like amount of revenues and expenditures. Budgeted expenditures for Capital Improvements are very limited and practically non-existent for the 2012-13 fiscal year because of anticipated revenue shortfalls, economic conditions and the Town's attempt to conservatively balance the budget. Capital outlay expenditures in the General Fund include two replacement Police Department vehicles, a commercial washer and dryer for the Fire Department, and a replacement thermal imager for the Fire Department, funded by appropriating fund balance in the amount of \$80,000. The Water Fund continues to plan for replacement of Well #2 and implementation of the AMR meter reading system. The Water Fund did not fund any new capital outlay items in FY12-13 nor were fund balance monies appropriated.

Governmental Activities. The Town's largest single source of revenue continues to be generated from ad valorem property taxes, which is \$0.17 per \$100 valuation tax rate on a \$1,627,142,873 tax base. The \$2,750,000 ad valorem property tax revenue comprises approximately 50% of General Fund estimated revenues.

Business - type Activities. The Town's business type activities, which include the Town's water and stormwater services were budgeted without any new or increased fees.

Requests for Information

This report is designed to provide an overview of the Town's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to David R. Walker, Town Manager, P.O. Box 10, 125 West Fort Macon Road, Atlantic Beach, NC 28512.

Town of Atlantic Beach, North Carolina
Statement of Revenues, Expenditures, and Changes in Fund Balance
Governmental Funds
For the Year Ended June 30, 2012

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$ 14,871
---	-----------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital outlay expenditures which were capitalized	134,285	
Depreciation expense for governmental assets	<u>(221,997)</u>	(87,712)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Change in deferred revenue for tax revenues	20,720
---	--------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

446,717

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated absences	(13,047)	
Accrued interest payable	4,826	
Net pension obligation	1,739	
Other postemployment benefits	<u>(46,899)</u>	

Total changes in net assets of governmental activities	<u><u>\$ 341,215</u></u>

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

I. Summary of Significant Accounting Policies

The accounting policies of the Town of Atlantic Beach conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Town of Atlantic Beach is a municipal corporation that is governed by an elected mayor and a five-member council.

B. Basis of Presentation

Government-wide Statements: The statement of net assets and the statement of activities display information about the primary government. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Town's funds. Separate statements for each fund category – *governmental and proprietary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

The Town reports the following major governmental fund:

General Fund. The General Fund is the general operating fund of the Town. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, street maintenance and construction, and sanitation services.

The Town reports the following non-major governmental fund:

Capital Project Special Revenue Fund. This fund was established to account for distributions from the Carteret County Hotel Room Tax that is defined by N.C. General Statute to be used for beach nourishment related expenses.

The Town reports the following major enterprise fund:

Public Utilities Fund. The Public Utilities fund is used to account for the management of the Town's water and storm water operations.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town enterprise funds are charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water system.

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Town considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of January 1, 1993, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, Carteret County is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts in the County, including the Town of Atlantic Beach. For motor vehicles registered under the staggered system, property taxes are due the first day of the fourth month after the vehicles are registered. The billed taxes are applicable to the fiscal year in which they become due. Therefore, the Town's vehicle taxes for vehicles registered in Carteret County from March 2011 through February 2012 apply to the fiscal year ended June 30, 2012. Uncollected taxes that were billed during this period are shown as a receivable in these financial statements and are offset by deferred revenues.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the Town are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Grant revenues which are unearned at year-end are recorded as unearned revenues. Under the terms of grant agreements, the Town funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the Town's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

As permitted by generally accepted accounting principles, the Town has elected to apply only applicable FASB Statements and Interpretations issued on or before November 30, 1989 that do not contradict GASB pronouncements in its accounting and reporting practices for its proprietary operations.

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

D. Budgetary Data

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund and the Enterprise Fund. All annual appropriations lapse at the fiscal-year end. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the project level for the multi-year funds. Amendments are required for any revisions that alter total expenditures of any fund or that change functional appropriations by more than \$2,500. All amendments must be approved by the governing board.

E. Assets, Liabilities, and Fund Equity

1. Deposits and Investments

All deposits of the Town are made in board-designated official depositories and are secured as required by State law [G.S. 159-31]. The Town may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Town may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the Town to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT). The Town's investments are reported at fair value as determined by quoted market prices. The securities of the NCCMT-Cash Portfolio, a SEC-registered (2a-7) money market mutual fund, are valued at fair value, which is the NCCMT's share price. The NCCMT Term Portfolio's securities are valued at fair value.

In accordance with State law, the Town has invested in securities which are callable and which provide for periodic interest rate increases in specific increments until maturity. These investments are reported at fair value as determined by quoted market prices.

2. Cash and Cash Equivalents

The Town pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents.

3. Restricted Assets

The unexpended Powell Bill revenue is classified as restricted assets in governmental funds because the use is completely restricted by State law. The balance at June 30, 2012 was \$156,533. Customer deposits held by the Town before any services are supplied are restricted to the service for which the deposit was collected.

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the Town levies ad valorem taxes on property other than motor vehicles on July 1st, the beginning of the fiscal year. The taxes are due on September 1st (lien date); however, interest does not accrue until the following January 6th. These taxes are based on the assessed values as of January 1, 2011.

5. Inventory and Prepaid Items

The inventories of the Town are valued at cost (first-in, first-out), which approximates market. The inventories of the Town's General Fund consists of expendable supplies that are recorded as expenditures as used rather than when purchased.

The inventories of the Town's enterprise fund consist of materials and supplies held for subsequent use. The cost of these inventories is expensed when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government – wide and fund financial statements and expensed as the items are used.

6. Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Minimum capitalization costs are as follows: land, \$10,000; Buildings, improvements, substations, lines, and other plant and distribution systems, \$15,000; infrastructure, \$20,000; equipment and furniture, \$5,000; vehicles and motorized equipment, \$10,000; and computer software, \$5,000. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. General infrastructure assets acquired prior to July 1, 2003, consist of the road network and water and sewer system assets that were acquired or that received substantial improvements subsequent to July 1, 1980, and are reported at estimated historical cost using deflated replacement cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Buildings	50
Improvements	10-25
Infrastructure	50
Vehicles - motorized equipment	6
Equipment (non computer)	5-10
Computer Software	5
Computer equipment	3

7. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

In fund financial statements, the face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

8. Compensated Absences

The vacation policy of the Town provides for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. For the Town's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The Town has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The Town's sick leave policy provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the Town does not have any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

9. Net Assets/Fund Balances

Net Assets

Net assets in government-wide and proprietary fund financial statements are classified as invested in capital assets, net of related debt; restricted; and unrestricted. Restricted net assets represent constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints place on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories – portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Restricted Fund Balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State statute – portion of fund balance that is restricted by State Statue [G.S. 159-8(a)].

Restricted for Streets – Powell Bill portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

Committed Fund Balance – portion of fund balance that can only be used for specific purposes imposed by majority vote by quorum of Town of Atlantic Beach’s governing body (highest level of decision-making authority). Any changes or removal of specific purpose requires majority action by the governing body.

Assigned Fund Balance – portion of fund balance that Town of Atlantic Beach intends to use for specific purposes.

Unassigned Fund Balance – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The Town of Atlantic Beach has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-town funds, town funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the Town.

The Town of Atlantic Beach has also adopted a minimum fund balance policy for the general fund which instructs management to conduct the business of the Town in such a manner that available fund balance is at least equal to or greater than 10% of budgeted expenditures. Any portion of the general fund balance in excess of 10% of budgeted expenditures may be appropriated for one-time expenditures and may not be used for any purpose that would obligate the Town in a future budget.

II. Stewardship, Compliance, and Accountability

No issues relating to stewardship, compliance and accountability for the Town.

III. Detail Notes on All Funds

A. Assets

1. Deposits

All the deposits of the Town are either insured or collateralized by using the Pooling Method. The Pooling Method is a collateral pool; all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town, these deposits are considered to be held by the Town's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town, or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town has no formal policy regarding custodial credit risk for deposits but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The Town complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2012, the Town's deposits had a carrying amount of \$7,806,721 and a bank balance of \$7,970,418. Of the bank balance, \$1,000,000 was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method. At June 30, 2012, the Town's petty cash fund totaled \$400.

2. Investments

At June 30, 2012, the Town had \$466 invested with the North Carolina Capital Management Trust's Cash Portfolio, which carried a credit rating of AAAm by Standard and Poor's. The Town has no policy regarding credit risk.

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

3. Receivables

Receivables at the government-wide level at June 30, 2012, were as follows:

Fund	June 30, 2012
General Fund:	
ABC tax receivable	\$ 34,248
Telecommunication sales tax receivable	12,018
Franchise tax receivable	41,215
Local option sales tax receivable	140,131
Video programming	25,399

B. Liabilities

1. Pension Plan Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The Town contributes to the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS provides retirement and disability benefits to plan members and beneficiaries. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

Funding Policy. Plan members are required to contribute six percent of their annual covered salary. The Town is required to contribute at an actuarially determined rate. For the Town, the current rate for employees not engaged in law enforcement and for law enforcement officers is 13.31% and 13.28% respectively, of annual covered payroll. The contribution requirement of members and of the Town is established and may be amended by the North Carolina General Assembly. The Town's contributions to LGERS for the years ended June 30, 2012, 2011, and 2010 were \$319,012, \$301,130, and \$261,227, respectively. The contributions made by the Town equaled the required contributions for each year.

b. Law Enforcement Officers Special Separation Allowance

1. Plan Description.

The Town administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the Town's qualified sworn law enforcement officers. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full time law enforcement officers of the Town are covered by the Separation Allowance. At December 31, 2011 the Separation Allowance's membership consisted of:

Retirees receiving benefits	2
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	19
	<u>21</u>

A separate report was not issued for the plan.

2. Summary of Significant Accounting Policies:

Basis of Accounting. The Town has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting.

Method Used to Value Investments. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

3. Contributions.

The Town is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. The Town's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. There were no contributions made by employees.

The annual required contribution for the current year was determined as part of the December 31, 2011 actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions included (a) 5 % investment rate of return (net of administrative expenses) and (b) projected salary increases ranging from 4.25% to 7.85%. Both (a) and (b) included an inflation component of 3.00%. The assumptions did not include post-employment benefit increases.

Annual Pension Cost and Net Pension Obligation. The Town's annual pension cost and net pension obligation to the Separation Allowance for the current year were as follows:

Annual required contribution	\$ 20,330
Interest on net pension obligation	6,160
Adjustment to annual required contribution	<u>(7,350)</u>
Annual pension cost	19,140
Contributions made	<u>20,879</u>
Increase (decrease) in net pension obligation	(1,739)
Net pension obligation beginning of year	<u>123,202</u>
Net pension obligation end of year	<u><u>\$ 121,463</u></u>

3 Year Trend Information			
For Year Ended June 30	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
2010	\$ 21,519	24.71%	107,121
2011	24,889	35.39%	123,202
2012	19,140	109.09%	121,463

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

The annual required contribution (ARC) for the fiscal year ended June 30, 2012 is calculated as of December 31, 2011 using the following information:

Valuation date	12/31/2011
Actuarial cost method	Projected unit credit
Amortization method	Level percent of pay closed
Remaining amortization period	19 years
Asset valuation method	Market value
Actuarial assumptions:	
Investment rate of return*	5.00%
Projected salary increases*	4.5 - 7.85%
Includes inflation at	3.00%
Cost-of-living adjustments	N/A

4. Funded Status and Funding Progress

As of December 31, 2011, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits and the unfunded actuarial accrued liability (UAAL) was \$257,027. The covered payroll (annual payroll of active employees covered by the plan) was \$736,034, and the ratio of the UAAL to the covered payroll was 34.92 percent.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The Town contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the Town. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. The report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 requires the Town to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2012 were \$39,275, all contributed by the Town.

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

d. Supplemental Retirement Income Plan for Non-Law Enforcement Employees

Plan Description. The Town contributes to the Supplemental Retirement Income Plan, a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to all full-time employees of the Town. Authority to establish and amend benefit provisions is assigned to the Town Council.

Funding Policy. The adopted plan requires the Town to contribute each pay period an amount equal to five percent (5%) of each non-law enforcement employee's salary. The Town's contributions for each employee (and interest allocated to the employee's account) are fully vested immediately. All covered employees may make voluntary contributions to the plan. Contributions from the Town for the year ended June 30, 2012 were \$80,669 for non-law enforcement employees.

e. Other Postemployment Benefits

Healthcare Benefits

Plan Description. Under the terms of a Town resolution, the Town administers a single-employer defined benefit Healthcare Benefits Plan (HBP). The plan provides postemployment healthcare benefits to retirees of the Town, provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least twenty years of credible service with the Town, have not reached age 65 and are not eligible to receive Medicare benefits. Prior to July 1, 2009, employees did not receive this benefit. The Town pays the full cost of coverage for these benefits through private insurers. Also, the Town's retirees can purchase coverage for their dependents at the Town's group rates. The Town Council may amend the benefit provisions. A separate report was not issued for the plan.

Funding Policy. By Town Resolution, the Town pays the full cost of coverage for the healthcare benefits to qualified retirees. The Town has chosen to fund the healthcare benefits on a pay as you go basis. Postemployment expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due. In fiscal year ended, June 30, 2012, the Town's total contributions were \$13,734.

Annual OPEB Cost and Net OPEB Obligation. The Town's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer*. (ARC)

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

The Town has elected to calculate the ARC and related information using the alternative measurement method permitted by GASB Statement 45 for employers in plans with fewer than one hundred total plan members. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The following table shows the components of the Town's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Town's net OPEB obligation for the postemployment healthcare benefits:

Annual required contribution	\$ 64,494
Interest on net OPEB obligation	3,814
Adjustment to annual required contribution	<u>(3,290)</u>
Annual OPEB cost (expense)	65,018
Contributions made	<u>13,734</u>
Increase (decrease) in net OPEB obligation	51,284
Net OPEB obligation beginning of year	<u>95,348</u>
Net OPEB obligation end of year	<u><u>\$ 146,632</u></u>

The Town's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the year ended June 30, 2012 were as follows:

For Year Ended June 30	Annual OPEB Cost	Percentage of Annual	
		OPEB Cost Contributed	Net OPEB Obligation
2010	\$ 59,124	14.35%	\$ 50,637
2011	\$ 59,402	24.73%	\$ 95,348
2012	\$ 65,018	21.12%	\$ 146,632

Funded Status and Funding Progress. As of June 30, 2012, the actuarial accrued liability for benefits was \$452,699, all of which was unfunded. The covered payroll was \$2,603,377, and the ratio of the unfunded actuarial accrued liability (UAAL) to the covered payroll was 17.39 percent.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future.

Examples include assumptions about future employment, mortality, and healthcare trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value assets, consistent with the long-term perspective of the calculations.

The following simplifying assumptions were made:

Retirement age for active employees – Based on the historical average retirement age for the covered group, active plan members were assumed to retire at age 62, or at the first subsequent year in which the member would qualify for benefits.

Marital status – Marital status of members at the calculation date was assumed to continue throughout retirement.

Mortality – Life expectancies were based on mortality tables from the National Center for Health Statistics. The 2005 United States Life Tables for Males and for Females were used.

Turnover – Non-group-specific age-based turnover data from GASB Statement 45 were used as the basis for assigning active members a probability of remaining employed until the assumed retirement age and for development of an expected future working lifetime assumption for purposes of allocating to periods the present value of total benefits to be paid.

Healthcare cost trend rate – The expected rate of increase in healthcare insurance premiums was based on projections of the Office of the Actuary at the Centers for Medicare & Medicaid Services. A rate of 12.00 percent initially, reduced to an ultimate rate of 6.00 percent after six years, was used.

Health insurance premiums – 2011 health insurance premiums for retirees were used as the basis for calculation of the present value of total benefits to be paid.

Inflation rate – The expected long-term inflation assumption of 3.8 percent was based on projected changes in the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) in The 2007 Annual Report of the Board of Trustees of Federal Old-Age and Survivors Insurance and Disability Insurance Trust Funds for an intermediate growth scenario.

Payroll growth rate – The expected long-term payroll growth rate was assumed to equal the rate of inflation.

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

Based on the historical and expected returns of the City's short-term investment portfolio, a discount rate of 4.00 percent was used. In addition, a simplified version of the entry age actuarial cost method was used. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on an open basis. The remaining amortization period at June 30, 2012, was 28 years.

2. Other Employment Benefit

The Town has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. All death benefit payments are made from the Death Benefit Plan. The Town has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. The Town considers these contributions to be immaterial.

The Town also provides an additional death benefit through a Group Term Life Insurance program, which is provided on a non-contributory basis to all members of the retirement system and 30 days of employment. The benefit pays the designated beneficiary an amount equal to the employee's annual salary, but the benefit may not exceed \$200,000. Under the IRS regulations, the value of employer-paid Group Term Life Insurance coverage in excess of \$50,000 is considered taxable to the employee as a fringe benefit.

3. Deferred / Unearned Revenues

The balance in deferred / unearned revenues at year-end is composed of the following elements:

	Deferred Revenue	Unearned Revenue
Reserve for Taxes Receivable	\$ 31,102	\$ -
Deferred taxes	-	36,981
	<u>\$ 31,102</u>	<u>\$ 36,981</u>

4. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates in two self-funded risk-financing pools administered by the North Carolina League of Municipalities. Through these pools, the Town obtains general liability and auto liability coverage of \$2 million per occurrence, property coverage up to the total insurance values of the

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

property policy, and workers' compensation coverage up to statutory limits. The pools are reinsured through commercial companies for single occurrence claims against general liability, auto liability and property in excess of \$500,000 and \$300,000 up to statutory limits for workers' compensation. The property liability pool has an aggregate limit for the total property losses in a single year, with the reinsurance limit based upon a percentage of the total insurance values.

The Town carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years.

The Town carries flood insurance through the National Flood Insurance Plan (NFIP). Because the Town is in an area of the State that has been mapped and designated as A, B, C, and X zones by the Federal Emergency Management Agency, the Town is eligible to purchase coverage of \$500,000 per structure through the NFIP. The Town also is eligible to and has purchased commercial flood insurance to cover its buildings and structures in the A, B, C, and X zones in the event of flood damage.

In accordance with G.S. 159-29, the Town's employees that have access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial surety bond. The finance officer and tax collector are each individually bonded for \$50,000 each. The remaining employees that have access to funds are bonded under a blanket bond for \$100,000.

5. Claims, Judgments and Contingent Liabilities

At June 30, 2012, the Town has no pending claims or judgments.

6. Long-Term Obligations

a. Installment Purchases:

In March 2006, the Town entered into an installment purchase contract with BB&T for the purchase of property located on 915 W. Ft. Macon Rd, Atlantic Beach. Payments were broken down into two separate payment plans: taxable (due to standing lease with Rite Aid) and tax-exempt for the remainder. In November 2010, Rite Aid relocated and the two loans, with a combined balance of \$2,933,333, were modified with BB&T with interest at an annual rate of 3.51%. The note is due in annual variable installments with a fixed principal component of \$266,667. Payments are due beginning on March 15, 2007, and annually thereafter, with a final payment of all outstanding principal and accrued and unpaid interest due on March 15, 2021. The Town does not expect to prepay any of the obligations prior to the scheduled payment dates. The combined balance outstanding at June 30, 2012 was \$2,400,000.

In April 2008, the Town entered into an installment purchase contract with BB&T for the purchase of a Rescue Truck. The note is due in annual installments beginning April 15, 2009 of \$41,585, with an interest rate of 3.14%. The balance outstanding at June 30, 2012 was \$224,231.

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

Annual debt service payments of all installment notes as of June 30, 2012, including \$446,477 of interest, are as follows:

Year Ending June 30,	Governmental Activities	
	Principal	Interest
2013	301,211	91,281
2014	302,296	80,836
2015	303,414	70,357
2016	304,568	59,844
2017	346,077	50,559
2018-2022	1,066,665	93,600
Total	<u>\$ 2,624,231</u>	<u>\$ 446,477</u>

b. Changes in Long-Term Liabilities

	Balance			Balance	Current
	6/30/2011	Increases	Decreases	6/30/2012	Portion of
Governmental activities:					Balance
Installment purchases	\$3,070,948	\$ -	\$ 446,717	\$2,624,231	\$301,211
Compensated absences	157,459	34,603	21,556	170,506	21,889
Other post employment benefits	91,856	60,633	13,734	138,755	-
Net pension obligation	123,202	-	1,739	121,463	-
Governmental activity long-term liabilities	<u>\$3,443,465</u>	<u>\$ 95,236</u>	<u>\$ 483,746</u>	<u>\$3,054,955</u>	<u>\$323,100</u>
Business-type activities:					
Compensated absences	\$ 17,138	\$ 1,763	\$ 3,701	\$ 15,200	\$ 3,701
Other post employment benefits	3,492	4,385	-	7,877	-
Business-type activity long-term liabilities	<u>\$ 20,630</u>	<u>\$ 6,148</u>	<u>\$ 3,701</u>	<u>\$ 23,077</u>	<u>\$ 3,701</u>

At June 30, 2012, the Town of Atlantic Beach had a legal debt margin of \$129,228,334.

C. Interfund Balances and Activity

Transfers to/from other funds at June 30, 2012, consist of the following:

Descriptions	Transfers In	Transfers Out
General Fund	\$ 370,089	\$ -
Public Utilities Fund	-	370,089
	<u>\$ 370,089</u>	<u>\$ 370,089</u>

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2012

Transfers are used to move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided matching funds for various grant programs.

The transfer from the Public Utility Fund to the General Fund is for reimbursement of shared personnel costs (\$250,000) and debt service payment for the Town-owned property purchased for future use by both funds (\$120,089).

D. Fund Balance

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

Total fund balance - General Fund	<u>\$ 5,534,972</u>
Less:	
Stabilization by State Statute	354,059
Streets - Powell Bill	156,533
Working Capital/Fund Balance Policy	<u>580,000</u>
Remaining Fund Balance	<u><u>\$ 4,444,380</u></u>

The Town of Atlantic Beach has adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the City in a manner that available fund balance is at least equal to or greater than 10% of budgeted expenditures.

IV. Summary Disclosure of Significant Contingencies

Federal and State Assistance Programs

The Town has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

Enterprise Fund

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes.

Public Utilities Fund – This fund is used to account for the operating activities of the Water Department.

Notes:

1. The NC General Statutes require a revaluation of real property at least every eight years. Real property is valued at 100% of estimated value as of the date of the latest revaluation. The last revaluation was effective for the fiscal year ending June 30, 2012.
2. Personal property is valued at 100% of estimated value.
3. Public service property is generally valued at 100% of estimated value. It may be valued at less than 100% in years in which the County's sales to assessment ratio on real property is less than 80%.
4. The Town bills and collects property taxes for real, public service, non-registered motor vehicles and personal property. Carteret County bills and collects property taxes for registered motor vehicles on behalf of the Town. The values reported above include property taxes billed and collected by the Town and County.

**Report On Internal Control Over Financial Reporting And On Compliance and Other Matters
Based On An Audit Of Financial Statements Performed In Accordance With *Government
Auditing Standards***

To the Honorable Mayor and
Members of the Town Council
Town of Atlantic Beach, North Carolina

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregated remaining fund information of the Town of Atlantic Beach, North Carolina, as of and for the year ended June 30, 2012, which collectively comprises the Town of Atlantic Beach's basic financial statements, and have issued our report thereon dated October 22, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Town of Atlantic Beach is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Town of Atlantic Beach's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Atlantic Beach's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Atlantic Beach's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, others within the entity, members of Town Council, and federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
