The Honorable Mayor and Members of the Town Council
Town of Atlantic Beach
Atlantic Beach, North Carolina

The Annual Comprehensive Financial Report (ACFR) for the Town of Atlantic Beach, North Carolina, for the fiscal year ended June 30, 2022, is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures within this report rests with the management of the **Town of Atlantic Beach**. The financial statements and supplemental schedules contained herein have been audited by the independent certified public accounting firm of **Thompson, Price, Scott, Adams & Co., P.A.** and their unmodified opinion is included in the financial section of the Annual Comprehensive Financial Report.

The Town of Atlantic Beach provides a full range of services to its citizens. The General Fund services include police, fire, emergency management, planning, code enforcement, construction and maintenance of the streets and various other services associated with the administration of the Town. The Enterprise Fund services include water administration and distribution. As a result, there are no exclusions described herein and all the Town's operations are included within this report.

As demonstrated by the statements and schedules included in the financial section of the report, the Town continues to meet its responsibility for sound financial management.

Immediately following the Independent Auditor's report is Management's Discussion and Analysis (MD&A), which provides a narrative overview of the Town's financial performance for fiscal year ended June 30, 2022. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

Description of the Town of Atlantic Beach

The Town of Atlantic Beach was incorporated on March 17, 1937. The Town of Atlantic Beach currently has a population of 1,370 and encompasses 2.3 square miles. Atlantic Beach is located on a barrier island in Carteret County on the eastern end of Bogue Banks. The Atlantic Ocean is to the south while the Bogue Sound lies to the north of the island. Atlantic Beach prides itself on being a seasonal residential resort community. Atlantic Beach is a thriving coastal community that is a major tourist destination along the coast of North Carolina. The Town of Atlantic Beach has a strong commitment to preserving its environment and protecting the ocean dunes and maritime forest. The Town's developmental priorities and goals of environmental and resource protection clearly states its strong desire to encourage and promote tourism.

The Town of Atlantic Beach operates under the Council-Manager form of Government. The structure of Council-Manager is similar to that of any large business. The registered voters of the Town elect the Town Council, and the Council then chooses a full-time, non-partisan Manager whose duties compare to those of a business corporation General Manager. The Town Council is comprised of the Mayor and five Council Members.

The Town Council adopts an annual budget, town ordinances, and resolutions. The Town Council is also responsible for determining the Town policies and the level of service in which the Town will provide to the residents. As part of the budget process the Town Council determines the Town's tax rate. The Town Council approves all agreements and contracts. The Town Council appoints citizens to various Boards and Committees and represents the Town as an overall leadership entity. The Town provides the following services to its citizens: law enforcement, emergency management, planning and inspection, fire and EMT, sanitation, street maintenance, parks and recreation, and water. These daily operation functions are supported by an administrative staff, which provides financing, tax billing, collections, purchasing, risk management, data processing and personnel.

In order for these departments to be funded the Town adopts an annual budget which is required by North Carolina General Statutes. Annual appropriated budgets are adopted for the general and enterprise funds. All annual appropriations lapse at the fiscal year end. All budgets are prepared using the modified accrual basis of accounting. The Town is organized into the following departments and associated department objectives:

Administrative Services – The departmental objectives are to continue developing the Town's governmental organization to enhance the accomplishment of community objectives, to safeguard the financial capability of the organization, and to implement high quality financial standards and procedures. Additional objectives are to achieve a stable and strong financial position by accurately estimating, prudently allocating, and managing financial resources.

Police – The department objective is to continue providing public safety coverage, outstanding public relations, community involvement, and proper response time as the Town grows and develops. The department's staff has demonstrated a continual improvement in response time and has enhanced public safety.

Fire – The department objective is to continue to maintain the Town's fire department as a professional responding department through proper training requirements, certifications, and the retention of quality professionals. Each shift is now composed of three paramedics and one licensed EMT. The fire department maintains an ISO rating of three (3) for homeowners insurance.

Public Services – The department objective is to continue to implement short and long range programs and improvements along with the continued development of capital improvement programs to insure adequate response and performance relative to growth. Additional objectives are to continue developing programs for timely replacement of the water distribution system along with considering and addressing available options for reasonable future sources of water supply.

Planning – The department objective is to continue the review and development of processes and regulations that improve the quality of life for the people living and working within the planning area. This will be accomplished through the identification of solutions; the formulation of community goals, objectives, policies, and projects; to the end that common vision is achieved through an open civic process.

Inspections – The department objective is to enforce the Town's development ordinances and the North Carolina Building Code for the Town of Atlantic Beach and jurisdictional areas.

Economic Condition and Outlook

The information in the financial statements may be best understood when considered in the context of the environment in which the Town operates. Atlantic Beach's economy is driven by the seasonal tourist industry. Atlantic Beach is primarily a residential community with commerce related primarily to tourism and construction.

The industry generates strong retail, construction, and real estate employment. The Town is also located near the historical tourist site of the Fort Macon State Park. The Town is in close proximity of the Cherry Point Marine Corps Air Station, which is a major employer of Carteret County. A large marine science community is a surrounding neighbor of the Town of Atlantic Beach. This includes the C-MAST, NOAA, NC State Fisheries, UNC Institute of Marine Sciences and Duke University Marine Laboratory. The State Port of Morehead City is in close proximity of the Town. The Town is bordered by water on two sides by Bogue Sound and the Atlantic Ocean. The Town of Pine Knoll Shores is its neighbor to the west and the Fort Macon State Park is its neighbor to the east.

All indications are that the Town and the County will experience continued growth. This growth expands our tax base and property taxes, one of our largest revenue sources. The Town closely monitors its resources and has emphasized program efficiencies and other cost containment efforts, allowing strong financial positions to be maintained. We believe that the economic environment in this area, along with the Town's diligent management of the Town's costs and services, will provide ongoing financial stability and fiscal capacity.

Major Initiatives

An ongoing goal of the Council has been to develop programs and pursue projects that upgrade facilities and enhance the quality of life for citizens and visitors through the cooperative efforts of governmental units, the business community, nonprofit organizations, and individual citizens.

The Town continues to work with property developer, FMB at the Grove, LLC, on the redevelopment of the "Circle" area in downtown Atlantic Beach. This project promises to significantly enhance the business, residential and entertainment infrastructure at the core of the Town. This area has great historical significance to the Town and has served as the focal point for Town activities since its founding in 1937. The Town Council has considered many alternatives over the years and believes this public-private partnership will bring the Town the right solution for both year-round residents and seasonal tourists.

FY2015-16 included major initiatives undertaken to improve water access for citizens and visitors with a CAMA Grant assisting in the funding of a bridge abutment project that provided sound-side fishing access to the Intracoastal Waterways with parking for vehicles and boat trailers. This project may be expanded in future years to allow the installation of a floating boat dock for public use.

The Town has completed the planning phase of the stormwater management project and continues to implement drainage mitigation projects throughout town. The most recent drainage projects completed are at Wilson Ave, Greenville Ave, East Terminal Blvd, East Atlantic Blvd and West Terminal Blvd, South Charlotte Ave, South Durham Ave. A major priority of Council is providing a Town Park with a wide variety of entertainment for our residents and visitors. The Town Park features a state of the art skatepark, miniature golf course, and restroom/concession facilities. The Town Council continues to seek innovative recreational features to add to the Town Park, investigating concepts such as a future dune slide or walking trails. Council addressed the need to replace the aging Town Facilities. During FY2016-17, the Town completed the construction of a new Public Services/Water facility. During FY2021-22, the Town completed the construction of a new Public Safety & Administration Complex. Other major initiatives include continuing to improve handicap access at the public beach accesses, with the most recent completed at Doubletree East.

The Town continues support for nonprofit and other organizations that sponsor major public events which showcase the area as well as provide economic benefit to the community. The Town provided assistance and in-kind support to numerous community projects, including the summer family movie nights, multiple surf fishing tournaments, Carolina KiteFest, National Night Out, and various beach run and beach cleanup events.

For the Future

The Town Council adopted the fiscal year 2022-23 budget in May 2022. Property taxes provide approximately 45% of the revenues for the General Fund. The property tax rate remained at \$0.20 per \$100 valuation. Revenue from sales tax, permits and fees, and sales and services were all projected to remain consistent with prior years. No new or increased fees in the General Fund were implemented in the FY2022-23 budget.

Major capital purchases and projects during FY2022-23 include two Police Department vehicles, one replacement mower for the Public Works Department, and one dumping bed 2-ton truck for the Water Department.

Internal Controls, Budgetary Controls, and Independent Audit

Internal Controls. The management of the Town is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Town are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the separation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that the objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Internal control evaluations occur within the above framework, and we believe the Town's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions for a town of this size. Due to the limitation of personnel, the Town will distribute duties as needed with each additional new hire.

Budget Controls. In accordance with the state law, the Town's budget is prepared on the modified accrual basis, and its accounting records are also maintained on that basis. Under modified accrual accounting, revenues are recorded when they are both measurable and available. Expenditures are recorded when a liability is incurred, except for interest on long-term debt and accrued vacation benefits. The proprietary funds are represented in the financial statements on the accrual basis, revenues are recognized in the accounting period when earned and expenses are recognized in the period that they are incurred, as permitted by generally accepted accounting principles.

Independent Audit. The General Statutes of North Carolina require an annual independent financial audit of all local government units in the state. Thompson, Price, Scott, Adams & Co., P.A., a firm of independent certified public accountants, has audited the financial statements of the Town of Atlantic Beach. The auditor's report on the financial reports is included in the financial section of this report.

Awards and Acknowledgements

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Atlantic Beach for its comprehensive annual financial report for the fiscal year ended June 30, 2021. This was the twenty-first consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements. The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated services and cooperation of Thompson, Price, Scott, Adams & Co., P.A. and the Town of Atlantic Beach staff. As the Finance Officer responsible for the completion and submission of this report, it would not have been possible without the combined efforts of everyone involved.

Respectfully submitted,

David R. Walker

Independent Auditor's Report

To the Honorable Mayor and
Members of the Town Council
Atlantic Beach, North Carolina

Report on the Audit of Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Atlantic Beach, North Carolina as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Town of Atlantic Beach's basic financial statements as listed in the table of contents.

In our opinion, based upon our audit, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Town of Atlantic Beach as of June 30, 2022, and the respective changes in financial position, and cash flows thereof and the respective budgetary comparison for the General Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Atlantic Beach and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Audit of the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raises substantial doubt about the Town of Atlantic Beach's ability to continue as a going concern for the twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Governmental Auditing Standards* will always detect material statement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Governmental Auditing Standards* we

- exercised professional judgement and maintained professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsible to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Atlantic Beach's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Atlantic Beach's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, and the Other Post Employment Benefit and Law Enforcement Officers' Special Separation Allowance Schedules of Funding Progress and Employer Contributions, the Local Government Employees' Retirement System's Schedules of the Proportionate Share of the Net Pension Asset (Liability) and Contributions, and the Firefighter' and Rescue Squad Worker's Pension Fund's Schedule of the Proportionate Share of Net Pension Liability (Asset) presented to supplement the basic financial statements. Such information is the responsibility of management, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consist of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Atlantic Beach's basic financial statements. The combining and individual fund financial statements, budgetary schedules, other schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us. In our opinion, based on our audit, the procedures performed as described above, the combining and individual fund financial statements, budgetary schedules, other schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory information and the statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists; we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 12, 2022, on our consideration of the Town of Atlantic Beach's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Town of Atlantic Beach's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town of Atlantic Beach's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This Page Intentionally Left Blank

Management's Discussion and Analysis

As management of Town of Atlantic Beach, we offer readers of Town of Atlantic Beach's (the "Town") financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2022. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

Financial Highlights

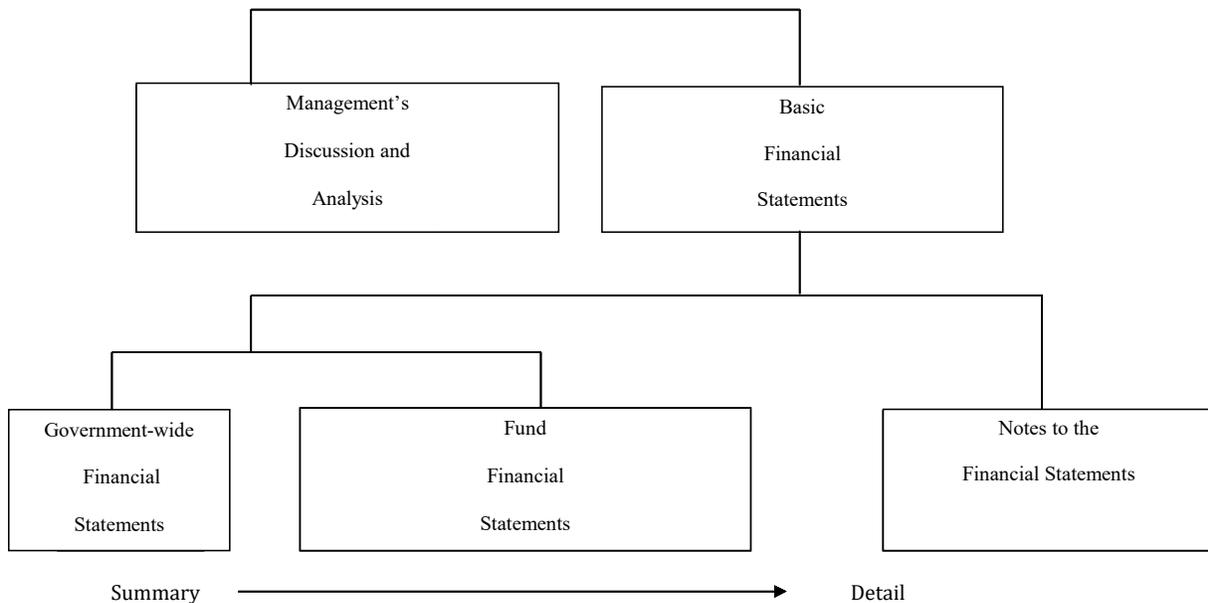

- The assets and deferred outflows of resources of Town of Atlantic Beach exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$19,999,433 (net position).
- The government's total net position increased by \$1,929,448 primarily due to increased net position in the governmental activities.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$5,789,683. Approximately 51% of this total amount or \$2,984,234 is available for spending at the government's discretion (unassigned fund balance). The committed fund balance in General Fund is for prepayment of a fire truck in future years 2022-2023 in the amount of \$1,206,737. Assigned fund balance in Beach and Waterway Special Revenue Fund totals \$617,475.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$2,983,908 or 39% of total general fund expenditures (\$7,720,957) for the fiscal year.
- The government's total debt (change in long-term debt) decreased by \$446,303 during the current fiscal year. The majority of this change is due to a principal payment.
- The Town of Atlantic Beach has received the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting each consecutive year beginning with the June 30, 2000 annual report.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Town of Atlantic Beach's basic financial statements. The Town's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Town of Atlantic Beach.

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Town's financial status.

The next statements (Exhibits 3 through 8) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; and 3) the proprietary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the Town's individual funds. Budgetary information required by the North Carolina General Statutes also can be found in this part of the statements.

Following the Notes is the required supplemental information. This section contains funding information about the Town's Pension Plans.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net position and how it has changed. Net position is the difference between the Town's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the Town's financial condition.

The government-wide statements are divided into two categories: 1) governmental activities and 2) business-type activities. The governmental activities include most of the Town's basic services such as public safety, streets, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the Town charges customers to provide. These include the water services offered by the Town of Atlantic Beach.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements (see Figure 1) provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Atlantic Beach, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. All of the funds of Town of Atlantic Beach can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds - Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there more or less financial resources available to finance the Town's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The Town of Atlantic Beach adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds - Town of Atlantic Beach has one kind of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Town of Atlantic Beach uses enterprise funds to account for its water activity. These funds are the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information - In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning Town of Atlantic Beach's progress in funding its obligation to provide pension benefits to its employees.

Deferred inflows of resources	1,430,183	219,829	118,067	15,603	1,548,250	235,432
Net Position:						
Net investment in capital assets	12,880,193	6,893,699	2,214,232	2,233,827	15,094,425	9,127,526
Restricted	907,580	963,558	-	-	907,580	963,558
Unrestricted	2,143,967	6,367,046	1,853,461	1,611,855	3,997,428	7,978,901
Total net position	\$ 15,931,740	\$ 14,224,303	\$ 4,067,693	\$ 3,845,682	\$ 19,999,433	\$ 18,069,985

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets and deferred outflows of the Town of Atlantic Beach exceeded liabilities and deferred inflows by \$19,999,433 as of June 30, 2022. The Town's net position increased by \$1,929,448 for the fiscal year ended June 30, 2022. However, the largest portion (75%) reflects the Town's net investment in capital assets (e.g. land, buildings, machinery, and equipment). The Town of Atlantic Beach uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Atlantic Beach's net investment in capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the Town of Atlantic Beach's net position, \$907,580, represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$3,997,428 is unrestricted.

The primary aspects of the Town's financial operations that influenced the total unrestricted governmental net position was continued diligence in the collection of property taxes by accomplishing a tax collection percentage of 99.66%.

Governmental activities. Governmental activities increased the Town's net position by \$1,707,437, whereas the net position in the business-type activities increased by \$222,011. The total growth in net position was \$1,929,448. This increase in the Town's governmental activities net position can be attributed to several factors. While telecom franchise tax revenues were lower than anticipated, this was offset with higher than expected local option sales tax revenues, the Town's strong tax collection rate of 99.66% of stable tax values, and the foresight to acknowledge and plan for the continued economic downturn by freezing spending, salaries, and capital purchases except where necessary.

Business-type activities. Business-type activities increased the Town of Atlantic Beach net position by \$222,011. The increase is due to higher revenues and less expenses.

Financial Analysis of the Town's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town of Atlantic Beach's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the Town of Atlantic Beach. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$2,983,908 while total fund balance reached \$5,075,582. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures, which were \$7,720,957. Unassigned fund balance represents 39% of total General Fund expenditures, while total fund balance represents 66% of that same amount.

At June 30, 2022, the governmental funds of Town of Atlantic Beach reported a combined fund balance of \$5,789,683, a decrease of \$4,202,260 from last year. The decrease was due to expenditures for the construction of the new Public Safety and Administration Complex, most of which was funded by a construction loan, the balance of which was being held in an interest-bearing money market account and expended incrementally as progress occurred in the short timeframe of construction. Total fund balance for all governmental funds represents 45% of total Governmental Funds expenditures, which were \$12,878,954. While there were higher than anticipated revenues, strict oversight of personnel, operating and routine capital expenditures, we used the opportunity to proceed with multiple major projects in lieu of keeping the reserves in the bank producing very minimal interest returns in the low market environment. Some of the major capital purchases included two drainage projects, Doubletree East Beach Access improvements, two vehicles in the Police Department, a replacement Fire Department rescue boat, and the completion of the construction of the new Public Safety and Administration Complex.

General Fund Budgetary Highlights:

During the fiscal year, the Town revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

The final amended budget and actual amounts varied, largely due to the downward economic trends and capital projects budgeted and in progress, though not completed by June 30, 2022. The Town budgeted conservatively for State-collected revenues and building permits/capacity use fees based on trends in building construction and real estate development projects. While the State-wide and local economic trends have continued on a declining scale, the Town of Atlantic Beach collected more of these revenues than expected. The most significant favorable variances were in other unrestricted intergovernmental taxes. Total revenue realized was approximately \$416,953 more than the final budget amount, primarily due to the collection of property taxes and service fees with a higher collection rate than anticipated and receiving higher than expected local sales tax revenue. Expenditures were tightly controlled, and the Town was able to comply with its budgetary requirements in all categories. The favorable variances were the result of expenditure reductions in operations and routine replacement capital outlay to the extent possible while still providing for two drainage projects, Doubletree East Beach Access improvements, two vehicles in the Police Department, a replacement Fire Department rescue boat, and the completion of the construction of the new Public Safety and Administration Complex and continuing to host family-friendly entertainment opportunities to Atlantic Beach stretching throughout the summer including fireworks during July 4th and bi-weekly outdoor movies "by the Sea at the Park". Total expenditures were approximately \$431,480 less than budgeted. The Town's focus on improving the infrastructure and completion of major projects while carefully monitoring State-shared revenue trends, maintaining a high local tax collection rate, and selling surplus vehicles and equipment resulted in total expenditures being \$644,356 less than total revenues, with an increase in fund balance of \$509,294 while still maintaining an unassigned fund balance of \$2,983,908. The main contributing factors to the increase in General Fund balance are the increases in tax revenues and local sales tax and ABC intergovernmental revenues. The tax revenue increase reflected the high collection rate of 99.65%, which we were able to achieve after budgeting conservatively with an estimated rate of 98% based on the uncertainty of the impacts of the Covid-19 pandemic. The local sales tax and ABC revenue increases were a direct result of being a beach location with outdoor activities providing a safe haven for second property owners and visitors to relocate to during the Covid-19 pandemic as their temporary work-from-home sites, boosting our local economies.

Proprietary Funds. The Town of Atlantic Beach's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Utility Fund at the end of the fiscal year amounted to \$1,853,461. The total change in net position for the Utility Fund was an increase of \$222,011. Equipment and infrastructure capital improvement needs have been postponed in an attempt to keep the rates as low as possible.

Capital Asset and Debt Administration

Capital assets. Town of Atlantic Beach's investment in capital assets for its governmental and business-type activities as of June 30, 2022, totaled \$21,852,947 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, and vehicles.

Major capital assets transactions during the year include:

- Building for Public Safety and Administration Complex
- Arctic SCBA Compressor for Fire Department
- Drainage Projects- Wilson Ave, Greenville Ave, East Terminal Blvd, East Atlantic Blvd and West Terminal Blvd, South Charlotte Ave, South Durham Ave
- Doubletree East Beach Access Improvement
- 2021 Dodge Charger and 2021 Dodge Ram for Police Department

Total	\$ 19,562,842	\$ 13,986,092	\$ 2,290,105	\$ 2,346,259	\$ 21,852,947	\$ 16,332,351

Additional information on Town of Atlantic Beach's capital assets can be found in the notes to the financial statements within Section III, A (4) Detail Notes on All Funds, Assets, Capital Assets.

Long-term Debt. As of June 30, 2022, the Town of Atlantic Beach had total debt outstanding of \$6,758,522. The entire amount of the Town's debt represents installment purchases for government activities, as we currently have no debt backed by the full faith and credit of the Town (bonded), or Utility (revenue bonds).

**Town of Atlantic Beach's Outstanding Debt
Figure 5**

	Governmental Activities		Business-type Activities		Total	
	2022	2021	2022	2021	2022	2021
Direct Placement Installment purchases	\$ 6,682,649	\$ 7,092,393	\$ 75,873	\$ 112,432	\$ 6,758,522	\$ 7,204,825
Total	\$ 6,682,649	\$ 7,092,393	\$ 75,873	\$ 112,432	\$ 6,758,522	\$ 7,204,825

The Town of Atlantic Beach's total installment debt decreased by \$446,303 during the current fiscal year. North Carolina General Statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for Town of Atlantic Beach is \$142,530,431. Additional information regarding the Town of Atlantic Beach's long-term debt can be found in the notes of the Basic Financial Statements within Section III, B (6b) Detail Notes on All Funds, Liabilities, Long Term Obligations, Changes in General Long-Term Liabilities.

Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the growth and prosperity of the Town:

- Low unemployment. The Town of Atlantic Beach is too small to be statistically categorized in unemployment figures. However, as of June, Carteret County as a whole has an unemployment rate of 3.6%, which is in line with both the State average of 3.4% and the national average of 3.5%.
- The Town of Atlantic Beach is a resort community and does not have a significant manufacturing or industrial base. However, new small business development has been consistent.

Budget Highlights for the Fiscal Year Ending June 30, 2023

Governmental Activities

The Town of Atlantic Beach budget for the Fiscal Year Ending June 30, 2023 totals \$9,835,668 for all funds managed by the Town. As required by North Carolina General Statutes, the budget is balanced by a like amount of revenues and expenditures. Budgeted expenditures for Capital Improvements are very limited for the 2022-2023 fiscal year because of economic conditions, rising costs of goods and services, and the Town's attempt to conservatively balance the budget. Capital outlay expenditures in the General Fund include Police Department vehicles and one replacement mower for Public Works. The General Fund continues to plan for additional stormwater drainage projects. The 2022-23 General Fund operating budget was balanced with the appropriation of \$299,043 in fund balance monies. The Town intends to increase the Powell Bill reserves for several years planning for another major repaving project in approximately FY2024-25. The Water Fund's only capital outlay expenditure budgeted was one dumping bed 2-ton truck. The Water Fund operating budget was balanced with an appropriation of \$70,000 in fund balance monies for FY 2022-2.

Governmental Activities. The Town's largest single source of revenue continues to be generated from ad valorem property taxes, which remained at \$0.20 per \$100 valuation tax rate on a \$1,865,163,500 tax base. The \$3,625,000 ad valorem property tax revenue comprises approximately 45% of General Fund estimated revenues.

Business - type Activities. The Town's business-type activities, which include the Town's water and stormwater services, were budgeted with essentially the same fee schedules as the prior year.

Requests for Information

This report is designed to provide an overview of the Town's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to David R. Walker, Town Manager, P.O. Box 10, 125 W Fort Macon Road, Atlantic Beach, NC 28512.

Town of Atlantic Beach, North Carolina
Statement of Revenues, Expenditures, and Changes in Fund Balance
Governmental Funds
For the Year Ended June 30, 2022

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds \$ (4,202,260)

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital outlay expenditures which were capitalized	\$ 5,935,021	
Depreciation expense from governmental assets	(352,523)	
Gain (Loss) of disposal of asset	<u>(6,003)</u>	5,576,495

Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities 543,461

Benefit payments paid and administrative expense for the LEOSSA and OPEB are not included on the Statement of Activities 86,786

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.
Change in unavailable revenue for tax revenues 9,625

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal payments on long-term debt	<u>409,744</u>	409,744
--------------------------------------	----------------	---------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated absences	(2,668)	
Accrued interest payable	(66,197)	
Pension Expense	(505,693)	
Other postemployment benefits	<u>(141,856)</u>	

Total changes in net position of governmental activities	<u>\$ 1,707,437</u>

Notes to Basic
Financial Statements

Town of Atlantic Beach, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2022

I. Summary of Significant Accounting Policies

The accounting policies of the Town of Atlantic Beach conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Town of Atlantic Beach is a municipal corporation that is governed by an elected mayor and a five-member council.

B. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type* activities of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a specific function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a specific program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Town's funds. Separate statements for each fund category – *governmental* and *proprietary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

The Town reports the following major governmental funds:

General Fund. The General Fund is the general operating fund of the Town. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, street maintenance and construction, and sanitation services.

Public Safety and Admin Complex Capital Project Fund - This fund was established to build a new public safety and admin complex.

The Town reports the following non-major governmental fund:

Beach and Waterway Fund. This special revenue fund was established for beach nourishment projects, beach access upkeep costs, dredging, and beach access improvements.

American Rescue Plan Fund - This capital project fund was created for the tracking of American Rescue Plan Act monies

The Town reports the following major enterprise fund:

Public Utilities Fund. The Public Utilities fund is used to account for the management of the Town's water and storm water operations.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town enterprise funds are charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Town considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the beer and wine tax, collected and held by the State at year-end on behalf of the Town are recognized as revenue. Sales taxes are considered a shared revenue for the Town of Atlantic Beach because the tax is levied by Carteret County and then remitted to and distributed by the State. Most intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Under the terms of grant agreements, the Town funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the Town's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

D. Budgetary Data

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund and the Enterprise Funds. All annual appropriations lapse at the fiscal-year end. An annual budget is also adopted for the Special Revenue Funds. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the project level for the multi-year funds. The Finance Officer is authorized by the budget ordinance to transfer appropriations between functional areas within a fund up to \$10,000; however, any revisions that alter total expenditures of any fund or that change functional appropriations by more than \$10,000 must be approved by the governing board. During the year, several amendments to the original budget were necessary, the effects of which were not material. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim that covers that time until the annual ordinance can be adopted.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Fund Equity

1. Deposits and Investments

All deposits of the Town are made in board-designated official depositories and are secured as required by State law [G.S. 159-31]. The Town may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Town may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the Town to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina, bonds and notes of any North Carolina local government or public authority, obligations of certain non-guaranteed federal agencies, certain high quality issues of commercial paper and bankers' acceptances, and the North Carolina Capital Management Trust (NCCMT). The Town's investments are generally reported at fair value. The NCCMT Government Portfolio, a SEC-registered (2a-7) money market mutual fund, is measured at fair value. The NCCMT Government Portfolio, a SEC-registered (2a-7) money market mutual fund, is measured at fair value. Because the NCCMT Government Portfolio has a weighted average maturity of less than 90 days, it is presented as an investment with a maturity of less than 6 months.

In accordance with State law, the Town has invested in securities which are callable and which provide periodic interest rate increases in specific increments until maturity. These investments are reported at fair value as determined by quoted market prices.

2. Cash and Cash Equivalents

The Town pools money from several funds to facilitate disbursement and investment and to maximize investment income and considers all cash and investments to be cash and cash equivalents. Only investments with maturities of three months or less at the time of purchase may be classified as cash equivalents.

3. Restricted Assets

The unexpended Powel Bill revenue is classified as restricted assets in governmental funds because the use is completely restricted by G.S. 136-41.1 through 136-41.4. Unspent proceeds in the Capital Project Fund are classified as restricted assets because its use is restricted for the building of the public safety and admin complex. Customer deposits held by the Town before any services are supplied are restricted to the service for which the deposit was collected. The balance at June 30, 2022 was \$516,079.

<u>Town of Atlantic Beach Restricted Cash</u>		
Governmental Activities

Total Restricted Cash		<u>\$ 442,422</u>

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the Town levies ad valorem taxes on property other than motor vehicles on July 1st, the beginning of the fiscal year. The taxes are due on September 1st (lien date); however, interest does not accrue until the following January 6th. These taxes are based on the assessed values as of January 1, 2021. As allowed by State law, the Town has established a schedule of discounts that apply to taxes which are paid prior to the due date. In the Town's General Fund, ad valorem tax revenues are reported net of such discounts.

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Lease Receivable

The Town's lease receivable is measured at the present value of lease payments expected to be received during the lease term. Under the lease agreement, the Town may receive variable lease payments that are dependent upon the lessee's revenue. The variable payments are recorded as an inflow of resources in the period the payment is received.

A deferred inflow of resources is recorded for the lease. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

7. Inventory and Prepaid Items

The inventories of the Town are valued at cost (first-in, first-out) which approximates market. The inventories of the Town's General Fund consists of expendable supplies that are recorded as expenditures as used rather than when purchased.

The inventories of the Town's enterprise fund consist of materials and supplies held for subsequent use. The cost of these inventories is expensed when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements and expensed as the items are used.

8. Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Minimum capitalization cost are as follows: land, \$10,000; buildings, improvements, substations, lines, and other plant and distribution systems, \$15,000; infrastructure, \$20,000; equipment and furniture, \$5,000; vehicles and motorized equipment, \$10,000; and computer software, \$5,000. Donated capital assets received prior to June 30, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 30, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimate historical cost. General infrastructure assets acquired prior to July 1, 2003, consist of the road network and water and sewer system assets that were acquired or that received substantial improvements subsequent to July 1, 1980, and are reported at estimated historical cost using deflated replacement cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Life</u>
Buildings	50
Improvements	10-25
Infrastructure	50
Vehicles - motorized equipment	6
Equipment (non computer)	5-10
Computer software	5
Computer equipment	3

9. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net assets that applies to a future period and so will not be recognized as an expense or expenditure until then. The Town does have one item that meets this criterion, pension deferrals for the 2022 fiscal year. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net assets that applies to a future period and so will not be recognized as revenue until then. The Town has only two items that meet the criterion for this category - property taxes receivable and pension deferrals.

10. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

In fund financial statements for governmental fund types, the face amount of debt issued is reported as other financing sources.

11. Compensated Absences

Vacation leave is accumulated at the rate of up to thirty (30) days per year with each leave being fully vested when earned. For the Town's government wide and proprietary funds an expense and a liability for compensated absences and the salary-related payments are recorded with the funds as the leave is earned. The Town has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The Town's sick leave policy provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement purposes. Since the Town does not have any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

12. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance - This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories - portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Restricted Fund Balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State statute – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". *Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget.* Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Streets – Powell Bill portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount represents the balance of unexpended Powell Bill funds.

Committed Fund Balance – portion of fund balance that can only be used for specific purposes imposed by majority vote by quorum of Town of Atlantic Beach's governing body (highest level of decision-making authority). Any changes or removal of specific purpose requires majority action by the governing body. The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Committed for subsequent year's expenditures – portion of fund balance that Town of Atlantic Beach plans to pre-pay for a fire truck in future years 2022-2023.

Committed to Public Safety and Administration Complex – portion of fund balance that Town of Atlantic Beach plans to use toward constructing the new Public Safety and Administration Complex.

Assigned Fund Balance – portion of fund balance that Town of Atlantic Beach intends to use for specific purposes.

Assigned for Beach and Waterway - portion of fund balance that Town of Atlantic Beach intends to use for beach access and waterway upkeep and improvements.

Unassigned Fund Balance – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds. The General Fund is the only fund that reports a positive unassigned fund balance.

The Town of Atlantic Beach has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-city funds, city funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the Town.

The Town of Atlantic Beach has also adopted a minimum fund balance policy for the general fund with instructs management to conduct the business of the Town in such a manner that available fund balance is at least equal to or greater than 10% of budgeted expenditures. Any portion of the general fund balance in excess of 10% of budgeted expenditures may be appropriated for one-time expenditures and may not be used for any purpose that would obligate the Town in a future budget.

12. Defined Benefit Cost-Sharing Plans

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The Town's employer contributions are recognized when due and the Town has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

For purposes of measuring the net pension expense, information about the fiduciary net position of the Firefighters' and Rescue Squad Workers' Pension Fund (FRSWPF) and additions to/deductions from FRSWPF's fiduciary net position have been determined on the same basis as they are reported by FRSWPF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

II. Stewardship, Compliance, and Accountability

There were no issues relating to stewardship, compliance and accountability for the Town.

III. Detail Notes on All Funds

A. Assets

1. Deposits

All the deposits of the Town are either insured or collateralized by using the Pooling Method. Under the Pooling Method, which is collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town, these deposits are considered to be held by the Town's agents in the entities names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town under the Pooling Method, the potential exists for under-collateralization. This risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town has no formal policy regarding custodial credit risk for deposits, but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The Town complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2022, the Town's deposits had a carrying amount of \$5,036,439 and a bank balance of \$5,106,813. All of which was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method. At June 30, 2022, the Town's petty cash fund totaled \$1,400.

2. Investments

At June 30, 2022, the Town had \$2,355,762 invested with the North Carolina Capital management Trust's Government Portfolio, which carried a credit rating of AAAM by Standard and Poor's. The Town has no policy regarding credit risk.

3. Receivables

Receivable at the government-wide level at June 30, 2022, were as follows:

Fund	June 30, 2022
General Fund:	
ABC distributions receivable	\$ 99,632
Telecommunication sales tax receivable	3,990
Franchise tax receivable	69,600
Local option sales tax receivable	312,355
Video programming	16,569
Services receivable	48,381
Other governments receivable	35,546
Miscellaneous receivables	112,521
Total	<u>698,594</u>
Public Utilities Fund:	
Services receivable	298,722
	<u>\$ 997,316</u>

4. Lease Receivable

On 07/01/2020, Town of Atlantic Beach, NC entered into a 36 month lease as Lessor for the use of ATT Cell Tower. An initial lease receivable was recorded in the amount of \$119,874. As of 06/30/2022, the value of the lease receivable is \$38,845. The lessee is required to make monthly fixed payments of \$3,248. The lease has an interest rate of 0.6240%. The value of the deferred inflow of resources as of 06/30/2022 was \$38,724.

5. Capital Assets

Primary Government

Capital asset activity for the Primary Government for the year ended June 30, 2022, was as follows:

Compensated absences, Net pension liability, Total pension liability, and OPEB liability have typically been liquidated in the General Fund for governmental activities.

	Beginning Balances	Increases	Decreases	Ending Balances
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 5,222,967	\$ -	\$ -	\$ 5,222,967
Construction in progress	2,834,210	5,172,551	8,006,761	-

Business type capital assets, net	\$ 2,346,259			\$ 2,290,105

B. Liabilities

1. Pension Plan and Postemployment Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The Town is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. The Town employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The Town's contractually required contribution rate for the year ended June 30, 2022, was 18.27% of compensation for law enforcement officers and 17.71% for general employees, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Town were \$590,719 for the year ended June 30, 2022.

Refunds of Contributions – Town employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions, or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the Town reported a liability of \$693,799 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2020. The total pension liability was then rolled forward to the measurement date of June 30, 2021 utilizing update procedures incorporating the actuarial assumptions. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2021 (measurement date), the Town's proportion was 0.04524%, which was an decrease of 0.00165% from its proportion measured as of June 30, 2020. Contributions made after the measurement date of the net pension/OPEB liability/collective net pension/OPEB liability but before the end of the employer's or governmental nonemployer contributing entity's reporting period will be recognized as a reduction of the net pension/OPEB liability or collective net pension/OPEB liability in the subsequent fiscal period rather than in the current fiscal period.

For the year ended June 30, 2022, the Town recognized pension expense of \$442,053. At June 30, 2022, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 220,722	\$ -
Change of assumptions	435,883	-
Net difference between projected and actual earnings on pension plan investments	-	991,230
Change in proportion and differences between Town contributions and proportionate share of contributions	214,231	2,771
Town contributions subsequent to the measurement date	590,719	-
Total	<u>\$ 1,461,555</u>	<u>\$ 994,001</u>

\$590,719 reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30	
2023	\$ 168,273
2024	49,650
2025	(37,765)
2026	(303,323)
2027	-
Thereafter	-
	<u>\$ (123,165)</u>

Actuarial Assumptions. The total pension liability in the December 31, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary Increases	3.50 to 8.10 percent, including inflation and productivity factor
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2020 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2022 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	29%	1.4%
Global Equity	42%	5.3%
Real Estate	8%	4.3%
Alternatives	8%	8.9%
Credit	7%	6.0%
Inflation Protection	6%	4.0%
Total	<u>100%</u>	

The information above is based on 30 year expectations developed with the consulting actuary for the 2021 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGRS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town's proportionate share of the net pension asset to changes in the discount rate. The following presents the Town's proportionate share of the net pension asset calculated using the discount rate of 6.50 percent, as well as what the Town's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.5 percent) or one percentage point higher (7.5 percent) than the current rate:

	1% Decrease (5.50%)	Discount Rate (6.50%)	1% Increase (7.50%)
Town's proportionate share of net pension liability (asset)	\$ 2,693,269	\$ 693,799	\$ (951,649)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Annual Comprehensive Financial Report for the State of North Carolina.

b. Law Enforcement Officers Special Separation Allowance

1. Plan Description

The Town of Atlantic Beach administers a public employee retirement system (the *Separation Allowance*), a single-employer defined benefit pension plan that provides retirement benefits to the Town's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Town has made no contributions to this plan.

All full-time Town law enforcement officers are covered by the Separation Allowance. At December 31, 2020, the Separation Allowance's membership consisted of:

Retirees receiving benefits	4
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	<u>16</u>
Total	<u><u>20</u></u>

2. Summary of Significant Accounting Policies

Basis of Accounting – The Town has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statement 73.

3. Actuarial Assumptions

The entry age actuarial cost method was used in the December 31, 2020 valuation. The total pension liability in the December 31, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increases	3.25 to 7.75 percent, including inflation and productivity factor
Discount rate	2.25 percent

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of December 31, 2020.

Mortality rates are based on the RP-2000 Mortality tables with adjustments for mortality improvements based on Scale AA.

4. Contributions

The Town is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employee. The Town's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The Town paid \$0 as benefits came due for the reporting period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the Town reported a total pension liability of \$590,655. The total pension liability was measured as of December 31, 2021 based on a December 31, 2020 actuarial valuation. The total pension liability was then rolled forward to the measurement date of December 31, 2021 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2022, the Town recognized pension expense of \$99,004.

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 4,111	\$ 19,018
Changes of assumptions	111,773	14,674
Town benefit payments and plan administrative expenses subsequent to the measurement date	-	-
Total	<u>\$ 115,884</u>	<u>\$ 33,692</u>

\$0.00 paid as benefits came due subsequent to the measurement date are reported as deferred outflows of resources. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30</u>	
2023	\$ 19,822
2024	32,502
2025	30,446
2026	(84)
2027	(494)
Thereafter	-
	<u>\$ 82,192</u>

Sensitivity of the Town's total pension liability to changes in the discount rate. The following presents the Town's total pension liability calculated using the discount rate of 2.25 percent, as well as what the Town's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.25 percent) or 1-percentage-point higher (3.25 percent) than the current rate:

	<u>1 % Decrease (1.25%)</u>	<u>Current Discount Rate (2.25%)</u>	<u>1% Increase (3.25%)</u>
Town's pension liability (asset)	\$ 637,591	\$ 590,655	\$ 547,707

**Schedule of Changes in Total Pension Liability
Law Enforcement Officers' Special Separation Allowance**

	<u>2022</u>
Beginning balance	\$ 612,414
Service Cost	37,276
Interest on the total pension liability	11,278
Changes of benefit terms	-
Differences between expected and actual experience in the measurement of the total pension liability	381
Changes of assumptions or other inputs	(14,575)
Benefit payments	(56,119)
Other changes	-
Ending balance of the total pension liability	<u>\$ 590,655</u>

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2020 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Total Expense, Liabilities, and Deferred Outflows and Inflows of Resources of Related to Pensions

Following is information related to the proportionate share and pension expense for all pension plans:

	LGERS	LEOSSA	Total
Pension Expense	\$ 442,053	\$ 99,004	\$ 541,057
Pension Liability	693,799	590,655	1,284,454
Proportionate share of the net pension liability	0.04524%	N/A	
Deferred of Outflows of Resources

Net difference between projected and actual earnings on plan investments	-	-	-
Changes in proportion and differences between contributions and proportionate share of contributions	214,231	-	214,231
Benefit payments and administrative costs paid subsequent to the measurement	590,719	-	590,719
Totals	1,461,555	115,884	1,577,439
Deferred of Inflows of Resources			
Differences between expected and actual experience	-	19,018	19,018
Changes of assumptions	-	14,674	14,674
Net difference between projected and actual earnings on plan investments	991,230	-	991,230
Changes in proportion and differences between contributions and proportionate share of contributions	2,771	-	2,771

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The Town contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the Town. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. The report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 requires the Town to contribute each month an amount equal to five percent (5%) of each officer's salary, and all amounts contributed are vested immediately. The law enforcement officers may also make voluntary contributions to the plan.

The Town made contributions of \$56,119 for the reporting year. No amounts were forfeited.

d. Supplemental Retirement Income Plan for Non-law Enforcement Employees

Plan Description. The Town contributes to the Supplemental Retirement Income Plan, a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to all full-time employees of the Town. Authority to establish and amend benefit provisions is assigned to the Town Council.

Funding Policy. The adopted plan requires the Town to contribute each pay period an amount equal to five percent (5%) of each non-law enforcement employee's salary. The Town's contributions for each employee (and interest allocated to the employee's account) are fully vested immediately. All covered employees may make voluntary contributions to the plan. Contributions for the year ended June 30, 2022 were \$163,716 from the Town and \$53,766 from the non-law enforcement employees.

e. Other Postemployment Benefits (OPEB)

1. Healthcare Benefits

Plan Description. Under the terms of a Town resolution, the Town administers a single employer defined benefit Healthcare Plan (the HCB Plan). The plan provides postemployment healthcare benefits to retirees of the Town, provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least twenty years of creditable service with the Town, have not reached age 65 and are not eligible to receive Medicare benefits. The Town pays the full cost of coverage for employee's benefits through private insurers and employees have the option of purchasing dependent coverage at the Town's group rates. Employees who retire with a minimum of 20 years of creditable service are eligible for postemployment coverage. Retirees who qualify for coverage receive the same benefits as active employees. Coverage for all retirees who are eligible for Medicare will be transferred to a Medicare Supplemental Plan after qualifying for Medicare. The Town Council may amend the benefit provisions. A separate report was not issued for the plan.

Membership of the HCB Plan consisted of the following at June 30, 2022 date of the latest actuarial valuation.

	<u>Employees:</u>
Retirees and dependents receiving benefits	3
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	<u>55</u>
Total	<u><u>58</u></u>

Funding Policy. By Town resolution, the Town pays the full cost of the coverage for the healthcare benefits to qualified retirees. The Town has chosen to fund the healthcare benefits on a pay as you go basis. Postemployment expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due. In fiscal year ended, June 30, 2022, the Town was not required to make contributions in the fiscal year.

Total OPEB Liability

The Town's total OPEB liability of \$1,821,473 was measured as of June 30, 2022 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.5 percent
Salary increases	3.25 to 8.41 percent, including inflation
Discount rate	2.16 percent
Healthcare cost trend rates	7.0% for 2021 decreasing to an ultimate rate of 4.50% by 2031

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of the measurement date.

Change in the Total OPEB Liability

	Total OPEB Liability
Balance at July 1, 2021	<u> </u>
Change for the year	\$ 1,816,120
Service cost	126,437
Interest	42,564
Changes of benefit terms	-
Differences between expected and actual experience	(357,810)
Changes in assumptions or other inputs	227,496
Benefit payments	<u>(33,334)</u>
Net changes	<u>5,353</u>
Balance at June 30, 2022	<u><u>\$ 1,821,473</u></u>

Changes in assumptions and other inputs reflect a change in the discount rate from 2.21 % to 2.16%.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period January 2010 through December 2014.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.16 percent) or 1-percentage-point higher (3.16 percent) than the current discount rate:

	1% Decrease (1.16%)	Discount Rate (2.16%)	1% Increase (3.16%)
Total OPEB liability	\$ 2,041,705	\$ 1,821,473	\$ 1,626,648

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Discount Rate	1% Increase
Total OPEB liability	\$ 1,575,541	\$ 1,821,473	\$ 2,119,212

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the Town recognized OPEB expense of \$154,191. Contributions made after the measurement date of the net pension/OPEB liability/collective net pension/OPEB liability but before the end of the employer's or governmental nonemployer contributing entity's reporting period will be recognized as a reduction of the net pension/OPEB liability or collective net pension/OPEB liability in the subsequent fiscal period rather than in the current fiscal period. At June 30, 2022, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows Of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 406,430
Changes of assumptions	402,771	75,403
Benefit payments and administrative costs made subsequent to the measurement date	-	-
Total	<u>\$ 402,771</u>	<u>\$ 481,833</u>

\$0 reported as deferred outflows of resources related to OPEB resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30	
2023	\$ (14,810)
2024	(14,810)
2025	(14,810)
2026	(14,810)
2027	(14,810)
Thereafter	(5,012)
	<u>\$ (79,062)</u>

2. Other Employment Benefits

The Town has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. All death benefit payments are made from the Death Benefit Plan. The Town has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. The Town considers these contributions to be immaterial.

3. Deferred Outflows and Inflows of Resources

Deferred outflows of resources reported on the Statement of Net Position is comprised of the following:

Source	Amount
Differences between expected and actual experience	\$ 224,833
Change of assumptions	950,427
Net difference between projected and actual earnings on pension plan investments	-
Change in proportion and differences between Town contributions and proportionate share of contributions	214,231
Town contributions subsequent to the measurement date	590,719
Total	<u>\$ 1,980,210</u>

Deferred inflows of resources at year-end is comprised of the following:

	Statement of Net Position	General Fund Balance Sheet
Taxes receivable (General Fund) less penalties	\$ -	\$ 13,875
Lease receivable (General Fund)	38,724	38,724
Differences between expected and actual experience	425,448	
Changes in assumptions	90,077	-
Net difference between projected and actual earnings on plan investments	991,230	-
Changes in proportion and differences between Town contributions and proportionate share of contributions	2,771	-
Total	<u>\$ 1,548,250</u>	<u>\$ 52,599</u>

4. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates in three self-funded risk financing pools administered by the North Carolina League of Municipalities. Through these pools, the Town obtains general liability and auto liability coverage of \$1 million per occurrence, property coverage up to the total insured values of the property policy, workers' compensation coverage up to statutory limits, and employee health coverage. The liability and property exposures are reinsured through commercial carriers for claims in excess of retentions as selected by the Board of Trustees each year. Excess insurance coverage is purchased by the Board of Trustees to protect against large workers' compensation claims that exceed certain dollar cost levels. Medical stop loss insurance is purchased by the Board of Trustees to protect against large medical claims that exceed certain dollar cost levels. Specific information on the limits of the reinsurance, excess and stop loss policies purchased by the Board of Trustees can be obtained by contacting the Risk management Services Department of the NC League of Municipalities. The pools are audited annually by certified public accountants, and the audited financial statements are available to the Town upon request.

The Town carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years.

The Town carries flood insurance through the National Flood Insurance Plan (NFIP). Because the Town is in an area of the State that has been mapped and designated as A, B, C, and X zones by the Federal Emergency management Agency, the Town is eligible to purchase coverage of \$500,000 per structure through the NFIP. The Town also is eligible to and has purchased commercial flood insurance to cover its buildings and structures in the A, B, C, and X zones in the event of flood damage.

In accordance with G.S. 159-29, the Town's employees that have access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial surety bond. The finance officer and tax collector are each individually bonded for \$50,000 each. The remaining employees that have access to funds are bonded under a blanket bond for \$100,000.

5. Claims, Judgments and Contingent Liabilities

At June 30, 2022, the Town has no pending claims or judgments.

6. Long Term Obligations

a. Installment Purchases:

Governmental Activities

In January 2021, the Town entered into a direct placement installment purchase contract with First Bank for the construction of a new Public Safety and Admin Complex. The property is pledged as collateral for the debt while the debt is outstanding. The note is due in annual installments beginning January 26, 2022, with an interest rate of 2.39%. The balance outstanding at June 30, 2022 was \$6,607,448.

In December 2018, the Town entered into a direct placement installment purchase contract with Branch Banking and Trust Company for the purchase of an Ambulance. The property is pledged as collateral for the debt while the debt is outstanding. The note is due in annual installments beginning December 6, 2019 of \$20,527, with an interest rate of 3.61%. The balance outstanding at June 30, 2022 was \$75,201.

Business-Type Activities

In March 2017, the Town entered into a direct placement installment purchase contract with BB&T for the purchase of SCADA equipment for the water plant. The property is pledged as collateral for the debt while the debt is outstanding. The note is due in annual installments beginning March 1, 2018 of \$39,359, with an interest rate of 2.49%. The balance outstanding at June 30, 2022 was \$75,873.

Annual debt service payments of all installment notes as of June 30, 2022, including \$1,272,765 of interest, are as follows:

Year Ending June 30	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2023	\$ 419,877	\$ 162,826	\$ 37,470	\$ 1,889
2024	430,263	152,440	38,403	956
2025	440,908	141,795	-	-
2026	451,819	130,884	-	-
2027	442,475	119,701	-	-
2028-2032	2,378,499	432,380	-	-
2033-2037	2,118,809	129,894	-	-
Total	\$ 6,682,649	\$ 1,269,920	\$ 75,873	\$ 2,845

b. Changes in General Long-Term Liabilities

At June 30 2022, the Town of Atlantic Beach had a legal debt margin of \$142,530,431.

	Balance 07/01/21	Increases	Decreases	Balance 06/30/22	Current Portion
Governmental activities:					
Direct Placement Installment purchases	\$ 7,092,393	\$ -	\$ 409,744	\$ 6,682,649	\$ 419,877
Compensated absences	216,173	174,570	171,902	218,841	171,902
Total OPEB liability	1,670,830	4,925	-	1,675,755	-
Net pension liability (LGERS)	1,541,533	-	903,238	638,295	-
Total pension liability (LEOSSA)	612,414	-	21,759	590,655	-
Governmental activity long-term liabilities	\$ 11,133,343	\$ 179,495	\$ 1,506,643	\$ 9,806,195	\$ 591,779
Business-type activities:					
Direct Placement Installment purchases	\$ 112,432	\$ -	\$ 36,559	\$ 75,873	\$ 37,470
Net pension liability (LGERS)	134,046	-	78,542	55,504	-
Compensated absences	24,925	21,787	14,393	32,319	14,393
Total OPEB liability	145,290	428	-	145,718	-
Business-type activity long-term liabilities	\$ 416,693	\$ 22,215	\$ 129,494	\$ 309,414	\$ 51,863

C. Interfund Balances and Activity

Transfers to/from other funds at June 30, 2022, consist of the following:

<u>Descriptions</u>	<u>Transfer In</u>	<u>Transfer Out</u>
General Fund	\$ 307,114	\$ -
Public Utilities Fund	-	307,114
	<u>\$ 307,114</u>	<u>\$ 307,114</u>

Transfers are used to move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided matching funds for various grant programs.

The transfer from the Public Utility Fund to the General Fund is for a portion of the debt service payment for the Public Safety and Admin Complex Construction Loan (\$50,000) and for stormwater project construction (\$257,114)

D. Net Investment in Capital Assets

	<u>Governmental</u>	<u>Business-type</u>
Capital assets	\$ 19,562,842	\$ 2,290,105
Less: Long-term debt	6,682,649	75,873
Net investment in capital assets	<u>\$ 12,880,193</u>	<u>\$ 2,214,232</u>

E. Fund Balance

The following schedule provides management and citizens with information on the portion of General Fund balance that is available for appropriation:

Total fund balance - General Fund	\$ 5,075,582
Less:	
Stabilization by State Statute	714,795
Streets - Powell Bill	170,142
Working Capital/Fund Balance Policy	815,244
Remaining Fund Balance	<u>\$ 3,375,401</u>

The Town of Atlantic Beach has adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the Town in a manner that available fund balance is at least equal to or greater than 10% of budgeted expenditures.

IV. Summary Disclosure of Significant Contingencies

Federal and State Assisted Programs

The Town has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

V. Significant Effects of Subsequent Events

There are no subsequent events that would have a material effect on the financial statements. Subsequent events have been analyzed through the date that the financial statements were available to be issued.

Description of the Statistical Schedules

Contents	Pages
Financial Trends	73-76
<p>These schedules contain trend information to assist users in understanding and assessing how the Town's financial position has changed over time.</p>	
Revenue Capacity	77-82
<p>These schedules contain information to assist users in understanding and assessing the factors affecting the Town's ability to generate its own-source revenues.</p>	
Debt Capacity	83-86
<p>These schedules present information to assist users in understanding and assessing the Town's debt burden and its ability to issue additional debt.</p>	
Demographic and Economic Information	87-89
<p>These schedules offer demographic and economic information to assist users in understanding the environment within which the Town operates.</p>	
Operating Information	90-91
<p>These schedules contain service and infrastructure data to assist readers in understanding and assessing how the Town's financial report relates to the services the Town provides and the activities it performs.</p> <p>Sources:</p>	

Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant years.

Notes:

1. The NC General Statutes require a revaluation of real property at least every eight years. Real property is valued at 100% of estimated value as of the date of the latest revaluation. The last revaluation was effective for the fiscal year ending June 30, 2021.
2. Personal property is valued at 100% of estimated value.
3. Public service property is generally valued at 100% of estimated value. It may be valued at less than 100% in years in which the County's sales to assessment ratio on real property is less than 80%.
4. The Town bills and collects property taxes for real, public service, non-registered motor vehicles and personal property. Property taxes for registered motor vehicles on behalf of the Town are billed and collected under the NC Tax & Tag Program. The values reported above include property taxes billed and collected by the Town and North Carolina.

**Report On Internal Control Over Financial Reporting And On Compliance and Other
Matters Based On An Audit Of Financial Statements Performed In Accordance With
*Government Auditing Standards***

Independent Auditor's Report

To the Honorable Mayor and
Members of the Town Council
Atlantic Beach, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Town of Atlantic Beach, North Carolina, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprises the Town of Atlantic Beach's basic financial statements, and have issued our report thereon dated October 12, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Atlantic Beach's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Atlantic Beach's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Town of Atlantic Beach's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
