

# Hurricane Dorian

**Update 11: Friday, September 6, 2019  
6:00 p.m.**

- **The Mayor has lifted the curfew in Atlantic Beach.** Duke Energy has restored power throughout Town and it is expected shortly for CCEMC customers as well.
- There are still downed cable and phone lines in some areas of Atlantic Beach, please drive with caution and stay clear of downed lines.
- We have deployed stormwater pumps throughout town and many of our streets will be cleared this evening or by early tomorrow morning.
- Our Public Works Department will be on duty tomorrow; two brush trucks will be running throughout the day. For non-emergency Public Works services please call (252) 726-1911.
- Kudos to all our Town Departments who worked tirelessly before, during, and now after the storm; another stellar job as usual.
- We hope all our local and part-time residents weathered the storm safely and can now return to Atlantic Beach. Enjoy your weekend!
- Dorian is now history...whew! **Fun in the Sun returns to AB!!**
